

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

Besides the above, he was present in other general actions, and some of a partial nature, viz.: the assault of the fortified Convent of San Bartholomew, in front of San Sebastian, 17 July 1813, which was carried by the 9th Regt.; repulse of the sortie 27th Aug.: passage of the Bidassoa, and storming of the heights; investment of Bayona, and sortie from the left bank of the Adour. Served in Canada in 1814 and 15. During the above service, Sir John was once severely and twice slightly wounded, and twice severely contused. He has also had two horses shot under him, one at Busaco, the other at the Nive.

On the 7th October, 1813, a General Order, of which the following is an abstract, was issued by the Commander-in-Chief:—

Whereas considerable inconvenience has arisen from the number of Medals which have been issued in commemoration of the brilliant and distinguished events in which the success of His Majesty's arms has received the Royal approbation, the Prince Regent has been pleased to command that the following Regulations shall be adopted in the grant and circulation of such marks of distinction: viz.—

- 1st. That one Medal only shall be borne by each Officer recommended for such distinction.
- 2nd. That for the second and third events, which may be subsequently commemorated in like manner, each individual recommended to bear the distinction shall carry a gold Clasp attached to the ribbon to which the Medal is suspended, and inscribed with the name of the Battle or Siege to which it relates.
- 3rd. That upon a claim being admitted to a fourth mark of distinction a Cross shall be borne by each Officer, with the names of the four Battles or Sieges respectively inscribed thereupon; and to be worn in substitution of the distinctions previously granted to such individuals.

Officers who have received Honorary Distinctions.

4th. Upon each occasion of a similar nature that may occur subsequently to the grant of a Cross, the Clasp shall again be issued to those who have a claim to the additional distinction, to be borne on the ribbon to which the Cross is suspended, in the same manner as described in No. 2 of these Regulations.

His Royal Highness was further pleased to command that the distribution of Medals or Badges for Military services of distinguished merit shall be regulated as follows: viz.—

1st. That no General or other Officer shall be considered entitled to receive them, unless he has been personally and particularly engaged upon those occasions of great importance and peculiar brilliancy, in commemoration of which such marks of distinction are to be bestowed.

2nd. That no Officer shall be considered a candidate for the Medal, or Badge, except upon the special selection and report of the Commander of the Forces upon the spot, as having merited the distinction by conspicuous services.

3rd. That the Commander of the Forces shall transmit to the Commander-in-Chief, Returns, signed by himself, specifying the names and ranks of those Officers whom he shall have selected as particularly deserving.

4th. The Commander of the Forces in making the selection will restrict his choice to the undermentioned ranks: viz.—

General Officers.

Commanding Officers of Brigades.

Commanding Officers of Artillery, or Engineers.

Adjutant-General, and Quarter-Master-General.

Deputies of ditto, and ditto, having the rank of Field-Officers.

Assistants, Adjutant and Quarter-Master-Generals, having the rank of Field-Officers, and being at the head of the Staff, with a detached Corps, or distinct division of the Army.

Military Secretary, having the rank of Field-Officer.

Commanding Officers of Battalions, or Corps equivalent thereto; and Officers who may have succeeded to the actual command during the engagement, in consequence of the death or removal of the original Commanding Officer.

The Crosses, Medals, and Clasps, are to be worn by the General Officers, suspended by a Ribbon of the colour of the sash, with a blue edge, round the neck; and by the Commanding Officers of Battalions, or Corps equivalent thereto; and Officers who may have succeeded to the actual command during the engagement; the Chiefs of Military Departments, and their Deputies and Assistants (having the rank of Field Officers); and such other Officers as may be specially recommended, attached by a Ribbon of the same description, to the button-hole of their uniform.

Those Badges which would have been conferred upon the Officers who have fallen at or died since the Battles and Sieges, shall, as a token of respect for their memories, be transmitted to their respective families.—*Vide the London Gazette, 9th October, 1813.*
